DETAILED ACTION

Drawings

1. The drawings do not comply with 37 CFR 1.84(p)(3), which states that lettering "must" measure 1/8 inch height, minimum.

Claim Objections

2. Claims 1-20 are objected to for the typographical errors in claims 1, 3 and 4 wherein "plurality dependent devices" should read --plurality of dependent devices--.

Allowable Subject Matter

- 3. Claims 1-20 are allowed.
- 4. The following is a statement of reasons for the indication of allowable subject matter:

The prior art does not disclose applicant's generalized method of independent claim 1, characterized by steps of 1) identifying an electrical characteristic of an "alpha device" (i.e. a device on which there is a dependent device for manufacturing testing), 2) identifying the electrical characteristic for a plurality of dependent devices, and 3) identifying a group comprising the alpha device and the plurality of dependent devices including the electrical characteristic for associated manufacturing testing.

Conclusion

- 5. This application is in condition for allowance except for the following formal matters:
 - Submission of formal drawings compliant with 37 CFR 1.84.
 - Correction of trivial error in independent claim 1.
